Risk Warning for all On-line video products

Technology changes rapidly and we at Elite Fastpitch Inc and Digital Image Plus work hard to stay on the cutting edge. On-line video is cost effective, saves enormous packaging and shipping costs, reduces your labor of packing and shipping, eliminates the cost of extra DVDs and reduces time of shipments from days to seconds. With that said we know that there are many compatibility issues between old and new equipment, formats and even origin of manufacturers. We only allow our product to advance as fast and as far as our target audience can view our product reliably. If a coach can not view DVD we will send them a VHS tape, free of charge to you. If a coach can not view our on-line videos we have included a package of 5 extra DVDs to send out to the coach. There is no way of telling how technical each coach is or how up to date their equipment is. We try to build in redundancy wherever we can but if you decide to use on-line video you must accept the risk.

Additional DVDs & Shipping

- Additional copy in case \$10.00 plus shipping and NJ Sales Tax. E-mail us with requested quantity and we'll give you your total.

Make all checks payable to- Digital Image Plus.

All NJ residents are subject to NJ State Sales Tax.

All Skills Video deposits are Non Refundable.
